# Igor Simões de Oliveira Lima

## Test Engineer

### About Me

Bachelor in Computer Science by Federal University of Alagoas - Campus Arapiraca. I was a research fellow at Laboratory of Analysis, Modeling and Programming (LAMP) at Federal University of Alagoas. In 2016, I was resident in the Sequential Course of Complementary Training in Test Analysis by the Motorola Mobility at CIn-UFPE where I worked as a QA Test Analyst and Developer in the Automation Team, performing the automation of testing cases in mobile applications.

## Education

### Jan 2016 - Dec 2016, Federal University of Pernambuco - CIn

Sequential Course of Complementary Training in Software Engineering with emphasis on Software Testing by Motorola Mobility and CIn-UFPE.

### Feb 2011 - Jan 2017, Federal University of Alagoas

BS in Computer Science.

## Experience

### Jan 2016 - Dec 2016, QA Test Analyst, Project Motorola Mobility/CIn-UFPE

Knowledge acquired:

- Software testing for Motorola mobile phones:
  - GSM / 2G
  - UMTS / 3G
  - HPSA / 3.5G
  - LTE / 4G
- Analysis and Reporting in JIRA tools
- Execution of test cases:
  - Manual
  - Semi-automatic
  - Automatic
- Types of tests:
  - Black-box testing / Functional
  - Sanity
  - Regression
- Automation with UIAutomator

### Jan 2013 - Dec 2015, Software Developer, Laboratory of Analysis, Modeling and Programming (LAMP) - UFAL

Developing applications for Academic Researches using Java and JavaFX. One of them was a desktop application to support the learning of physics on a digital board using JBox2D to create a environment with gravity, velocity and others metrics. I worked also in another project implementing a plugin for monitoring students actions in Geany IDE(Integrated Development Environment) to display the metrics collected in a Django server.

# Software Development Skills

## Programming

- Python
  - Django
  - Flask
- Javascript
  - NodeJS
  - ReactJS
  - React-Native
  - MeteorJS
  - AngularJS
  - Ionic
- Java
- Ruby
  - Ruby on Rails

## Computer Software

- MySQL
- PostgreSQL
- MongoDB
- Android
- Hybrid Apps
- Git
- JIRA
- Jenkins

## Interests

### Professional

Programming, Software Engineering, Web Apps, Mobile Apps, Hybrid Apps, Data Analysis.

### Personal

Guitar, Acoustic Guitar, Ukulele, Games, Cooking and Craft Beer.
